

the Home Shop

2010 Class Schedule

Teaching Shaker oval box making events here and around the country is a twenty-seven year tradition. They are backed by our supplies business for craftsmen. Box making events normally are an evening plus the following day. For away events, contact the sponsor directly for enrollment and cost. There are ten woodworking events when the Charlotte shop is cleared away for teaching. These are all good value - - the event, materials, and lunch, too, are included. Noteworthy projects! Methods you can use! Over a quarter century tradition of great teaching!

BOX MAKING BASICS – The mission of our shop is to introduce craftsmen to the tradition of Shaker oval box making. Classes are offered at the Home Shop four times a year. Make a nest of five boxes in cherry. Class \$90.

ADVANCED BOX MAKING – Develop your skills with projects of your choice including oval trays, carriers, and boxes large and small. One day in The Home Shop is \$45 plus cost of materials.

NEW A DAY in SANTA'S WORKSHOP – Come make fine gifts for the Holiday Season. A nest of oval trays, miniatures, music boxes and more. One day class is \$45 plus cost of materials. Make a #2 box free.

NEW No. 8 LARGE PROJECTS – Eight projects based on the No. 8 size oval combine grace and utility. Standard, tall, and short height boxes, trays, baskets and carriers. You select the one (or more) you wish. One and half days in The Home Shop is \$75 plus cost of materials.

PLANE MAKING – Where each participant makes their own wood block plane. Shape a tool blank, harden and temper the blade. Final sharpening makes it a plane. Includes all plane making materials. Class \$90.

JACK PLANE – Learn about the old tradition with some new design features in this classic raze jack plane – it's a 12" bench plane with inset full handle. A lovely tool inviting of your best work. Class \$90, plus \$35 cost of materials.

SPOKESHAVE MAKING – An offering inspired by the versatility of this traditional, but overlooked, tool. Featured in **Popular Woodworking** October 2007. Gil Chesbro and John Wilson. All materials included. Class \$90.

TRAVISHER PLANE – The curved blade on this tool is used to make comfortable chair seat contours. The wood body and heat treated blade are both made by you in class. Gil Chesbro and John Wilson. Class \$90.

NEW Project HAND CUT DOVETAILS – Learn how to make hand cut dovetail joints to make a Shaker dining Tray or a handy Tool Tote. Both projects offer a great introduction to this fine craft skill. Class \$90.

MORTISE AND TENON JOINERY – Build a Shaker seating bench whose legs are joined with this classic technique. Keith Cole joins John Wilson to present this class. All materials provided. Class \$90.

We produce a full line of box makers' supplies. The **four page supplies catalog** for 2010 lists wood parts, patterns, tools and instructional materials. We produce copper tacks here at the Home Shop on machines formerly at the W.W. Cross Nail Co.

We at The Home Shop enjoy these projects as much as you will. Good teaching, as well as quality materials and support are what you can expect. Guaranteed.

Hope you can come.
